Three cultural paradigms

Each provides a **mental *lens*** or ***filter*** through which we view or interpret reality -- and through which we hear God's Word.

CHRISTIANITY Old Paradigm	HUMANISM Transition	GLOBALISM New Paradigm
Biblical Absolutes & Values	Relative Values	Global Absolutes & Values
God is personal (loves us) and greater than His creation	God is a crutch or illusion	An impersonal universal god (pantheism) makes all things one (monism). All religions must be reformed and adapted as models for a new unifying global spirituality. *
Emphasize individual worth	Emphasize human evolution	Emphasize the collective: Individuals have value according to their part in the "Greater Whole"
Teach personal responsibility	Teach human rights	Teach collective duties or responsibilities
Don't tolerate sin (but love sinners)	Tolerate all lifestyles	Don't tolerate dissenters (zero tolerance)
Trust God	Trust human reason	Trust the state

*The three global absolutes -- which children are trained to see as fact in our schools -- are: pantheism, monism, and evolution. (See Mind Control)
